PERJURED HIMSELF

Vzral Boy Says His Testimony Was Simple Perjury.

TESTIFIED IN BILLIK CASE

Billik Was Charged with Six Murders, and is Now Under Death Sentence. Vzral's Testimony Was Mainly Instrumental in Convicting Him.

Chicago, Feb. 24—Eighteen-year-old Jerry M. Vzral, whose testimony more than any other person's, served to convict the fortune teller, Billik of the murder of six persons of the Vzral family, has, it is announced, recanted and in an affidavit declares that the testimony was simply perjury.

Billik is under sentence to be hanged on March 20.

The supreme court on Thursday affirmed the judgment destroying the man's last chance unless Governor Deneen shall issue a pardon.

Not only does the Vzral boy impugn his own evidence but he declares two of his relatives also lied.

In the affidavit the boy states that all the vital parts of the testimony he gave against Billik at the trial was perjury and that was taught him by a high police official and an assistant state's attorney.

He specifically names the men whom he accuses.

In the affidavit Vzral, who is now a student at Valparaiso, Ind., asserts that he told the story because a police official threatened him with a charge of murder unless he did as the police wished him to do. The credit for polishing off the fictitious narrative he gives to an assistant state's attorney. He further asserts that the inspector of police summoned him at least fifty times, and that these conferences usually lasted two hours. The confession was obtained through the instrumentality of the Rev. H. J. O'Callaghan, head of the Paulist Fathers in this city and pastor of St. Mary's Catholic church ,who has been working in Billik's behalf for several months.

TAKE "FREEMAN'S" OATH.

Was Administered by Bishop Potter to 2,000 in New York City.

New York, Feb. 24.—Two thousand "first voters" and a number of Bowery "floaters," Friday night took the "freeman's oath" at a meeting of the peoples' institute at Cooper Union.

The oath was administered by Bishop Henry C. Potter, who told of the origin of the oath in 1634. The words of the oath taken were as follows:

"I do solemnly bind myself that I will give my vote and suffrage as I shall judge in mine own conscience may best conduce to the public weal, so help me God."

Before asking those present to subscribe to this pledge of good citizenship, Bishop Potter spoke of the responsibility resting on voters, and said it was at present exercised without proper training, soberness and thought.

REFORMS FOR MEXICO.

Will Be Especially Made in Financial Questions.

Mexico City, Feb. 24.—Mexico is on the eve of great financial reforms.

Jose Yves Limantour, minister of finance and public credit, has been in negotiation and in conference with the leading financial, commercial and banking men of the republic for several weeks.

The result of these conferences has been declared in a circular which has just been issued by the department of finance making an exposition of the aims and desires of the government and calling a conference of banking men in the near future to devise ways and means for the reform of the public credit system.

Man Cleared of Killing Woman.

Birmingham, Ala., Feb. 24.—John [illegible], accused of the murder of [illegible] Parsons, killed during an alleged lovers' quarrel in a house in [illegible], was acquitted.

ALONE WITH CORPSE.

Seven Days In Lighthouse With Dead Companion.

Toledo, Ohio, Feb. 24.—Fleeing in terror over long stretches of treacherous ice from the Toledo harbor light house, where for seven days he had been imprisoned with the dead body of Captain Delos Hayden, Joe Berner reached the city Thursday night. He brought the news of the death to friends and relatives, telling of the nerve-racking vigil beside the dying man in the lonely lighthouse, and his still more terrifying experience while watching over the dead body waiting for a turn in the weather which might permit his escape over the ice.

Hayden was conscious to the last, and left a message for each of his relatives and friends. He died in his faithful companion's arms. Berner placed the body in one of the lower rooms of the lighthouse and began his wait for an opportunity to reach shore. Around the lighthouse the ice was firm under the snow, and when Berner started out early Wednesday afternoon he had strong hopes of reaching the shore in safety. Yet the trip was extremely perilous, he being not even equipped with a pike pole with which to sound the ice.

Many times he fell into air holes, going into water and frequently he escaped by the merest chance

CANNOT SHIP TO DRY TOWNS.

So Rules Judge Richardson, of Alabama—Roads Await Decision.

Montgomery, Ala., Feb. 24.—Railroad officers are worked up over the charge of Judge J. C. Richardson, of a neighboring circuit, that any shipment of liquors from outside as well as in the state, are violations of the antishipping act, which provides against taking intoxicants from a selling territory into dry sections.

It had been thought that it could not be made to apply to interstate shipments, but this judge says it can, on the ground that every state may provide its own police protection. This will affect many cities near the state line if held to be good, those places having saloons set up to ship to the dry territory in Alabama and Georgia. Many roads have stopped movements of liquors awaiting decision.

VETERAN EDITOR DIES.

Crosby S. Noyes Lays Aside Pen After Long Service.

Los Angeles, Cal., Feb. 24.—Crosby S. Noyes, editor of the Washington Evening Star, died shortly after 3:30 p m. Friday at the Hotel Raymond, Pasadena, where he had been ill for some time. Mr. Noyes, who was surrounded by the members of his family at the time of his death, retained his faculties to the last.

Mr. Crosby Stuart Noyes was 83 years of age, and no less than sixty years of his manhood had been spent in the newspaper business.

Released on $10,000 Bond.

Pensacola, Fla., Feb. 24.—George C. Scudamore, former cashier of the Pensacola Bank and Trust company, who is charged with embezzling $40,000 of the bank's funds and who was recently adjudged insane by a lunacy commission, has been released from custody of the sheriff, his friends giving bond in the sum of $10,000 for his appearance at the next term of court, to be tried upon the charge of embezzlement and forgery, provided he is then sane.

Wreck on B. & O.

Connellsville, Pa., Feb. 24.—Train No. 9, from New York to Pittsburg, on the Baltimore and Ohio railroad, was wrecked at Salisbury Junction Saturday morning. With the exception of the engine, mail car and first baggage car, the train was derailed. According to local officials of the road, one passenger, Rudolph Leonard, of the university of New York, was injured. The cause of the accident is not known.

Will Meet in Louisville.

Memphis, Tenn., Feb. 24.—The executive committee of the Interstate Cotton Seed Crushers' association met here and selected Louisville, May 19 to 21, as the place and date of the next annual meeting of the association. The members of the committee were entertained at a banquet.

DEATH CALLS BISHOP

Rt. Rev. Henry Yates Satterlee, D.D., Passes Away.

RELIGIOUS WRITER OF NOTE

For the Past Twelve Years He Was Protestant Episcopal Bishop of Washington, at Which Place His Death Occurred.

Washington, D. C., Feb. 24.—The Rt. Rev. Henry Yates Satterlee, D.D., for the past twelve years Protestant Episcopal bishop of Washington, died at his residence here on Saturday morning. He was sixty-five years of age. Although threatened

REV. H. Y. SATTERLEE, D. D.

with grip, Bishop Satterlee officiated at services last Sunday morning.

Shortly afterwards his condition became acute, and a physician was called in.

During the early part of the week he improved somewhat, and it was believed he would recover.

Pneumonia developed, and for several days his condition caused concern.

The bishop passed away shortly before 8 o'clock Saturday morning.

Bishop Satterlee was formerly pastor of Calvary church in New York, was a religious writer of note and had been elected but declined to accept the bishopric of Michigan and the bishop-coadjutorship of Ohio. Arrangements for the funeral have not yet been made.

IMPORTANT IN WORLD'S AFFAIRS

Dr. Wheeler's Opinion Regarding Battleship Cruise to Pacific.

Chicago, Feb. 24.—Benjamin Ide Wheeler, president of the university of California, looks for a rapid shifting of the world's scene from the Atlantic to the Pacific ocean.

He believes the cruise of the battleships will serve to open the eyes of the nation to the importance the Pacific not only does, but will play, in the world's affairs. While the Japanese agitation had subsided on the coast, Dr. Wheeler Friday said he looked for much serious trouble with Japan in the near future. He believes the United States has many hard problems to solve with Japan, but he is certain a war will be averted through the efforts of the "best people of Japan."

DISEASE PUZZLES DOCTORS.

Girl Believed To Have Been Poisoned Handling Postage Stamps.

New York, Feb. 24.—For the second time in two years Miss Myra Syrvernale, of Norfolk, Conn., is in a New York hospital suffering from a disease of tongue, which is said to have been contracted through contact with postage stamps while she was engaged as an assistant in the Norfolk postoffice.

The disease is exceedingly painful, and the hospital physicians are at a loss to account for it, but believe it to be the result of poisoning.

Paralyzed While Eating.

Camilla, Ala., Feb. 24.—Mr. M. F. Brimberry, a prominent citizen of this place, was stricken with paralysis while at supper with his family on Thursday evening, and rendered unconscious. His condition is considered critical.

WERE FATED TO DIE.

Saved from Drowning, Two Men Are Killed by Train.

Pittsburg, Pa., Feb. 24.—Saved from drowning after a terrible struggle in the icy water of the Monongahela river at Elizabeth, Pa., near here, only to be run down and killed by a train when they reached shore, was the fate Friday night of J. W. Draper and J. B. Garrett, two government employees at Lock No. 3.

C. E. Stoner, a companion who saved the men from the water, was also hit by the train and probably fatally injured.

The men had quit work for the day when Draper stepped from the lock into the river. Garrett lunged into the river after him, knowing Draper was unable to swim. Eventually Stoner rescued both men by means of a boat hook. Then all three started to walk along the tracks of the Pittsburg, Virginia and Charleston railroad to Elizabeth to get dry clothing. The approach of the train was not noticed and the men were hurled high into the air.

The bodies of Draper and Garrett were horribly mutilated, while Stoner's shoulder blade was broken and his head badly cut.

SHERMAN ANTI-TRUST ACT.

Delegation to Be Sent To Washington in Reference Thereto.

New York, Feb. 24.—Decision to send a delegation of one hundred to Washington to appear before the interstate commerce commission on March 6 and before the judiciary committee the day following, in reference to the Sherman anti-trust act, was reached Friday at a meeting of the Commercial Civic Federation.

The committee, it is stated, will urge congress to enact legislation providing for a non-partisan trust company to make an inquiry into the advisability of inaugurating a system of federal license, or incorporation, as a condition upon entrance of certain classes of corporations into interstate commerce.

It is proposed to have labor, capital and the general public equitably represented on the commission which would be also asked to investigate the effect upon public interests of the purchase of the franchises or corporate stock of one corporation by another.

JAP SAILORS MAROONED.

U. S. Revenue Cutter Thetis Will Make an Effort to Rescue Them.

Portland, Ore., Feb. 24.—A dispatch from Port Townsend to the Oregonian says:

The U. S. revenue cutter Thetis will attempt to give aid to the eight survivors of the Japanese schooner Satsuma, wrecked on Malaspina glacier, near Yukatat, Alaska. Under instructions from Washington, orders were issued to have the cutter prepare and hurriedly depart for the north. The Thetis is at Neah bay. It is expected she will reach this port soon, and after coaling and taking on supplies for the voyage, will depart for the north.

Reckoning the speed of the cutter Thetis under ordinary conditions, it is estimated that at least nine days will be required to reach the point where the Japanese are marooned.

NOVEL MONUMENT.

Eccentric Hermit Farmer Wanted It Built of Whisky Jugs.

Columbia, Mo., Feb. 24.—James A. Turner, a hermit farmer living six miles from here, who had frequently declared he wanted a monument built of whisky jugs, died Friday night.

On his farm is an abandoned corn crib which is almost filled with empty whisky jugs which Turner is said to have emptied himself during twenty years, and which he saved for his monument. It is estimated he drank not less than a quart of whisky a day for twenty years.

He was forty-five years of age and owned a well-stocked farm of 450 acres on which he lived the life of a hermit. His only companion was a dog.

Railroad Shops Closed.

Sedalia, Feb. 24.—The Missouri Pacific shops here, employing seven hundred men, were closed Friday until March 2.

$100,000 FIRE LOSS

Serious Blaze Occurred at New Orleans, La.

BUSINESS AREA THREATENED

Julius Weiss Buildings, Common and Varieties Streets, Were Gutted—Occupied Principally by Law and Real Estate Firms.

New Orleans, La., Feb. 24.—Fire which broke out here Saturday morning for a time seriously threatened a large part of the city's business district.

The Julius Weis buildings, on Common and Varieties place, where the fire originated, were gutted and several adjoining buildings were slightly damaged.

The Weis buildings were occupied principally by lawyers and real estate firms.

The loss is estimated at $100,000.

TOWN IS FIRE-SWEPT.

Russellville, Ala., Is Visited by Severe Conflagration—Loss $40,000.

Birmingham, Ala., Feb. 24.—The entire eastside of the business section of Russellville, Ala., in the northwest portion of the state, was destroyed by fire at 1 o'clock Saturday morning.

The bank building is the only building left standing.

The Commercial hotel, valued at $6,000, the stores of Douglas, Wilson and McIntosh, two barber shops and the Clark building, went down in ashes. The loss is estimated at $40,000, with $10,000 insurance.

CLUB REFUSED CHARTER.

Judge Charlton Puts the Legality of the Locker Up to Supreme Court.

Savannah, Ga., Feb. 24.—Judge Walter G. Charlton signed an order Friday morning refusing to grant a charter to the Palmer Club, on Derrin and Jefferson streets, giving as his reasons for doing so his doubts as to the right of the superior court to grant a charter to an organization for the purpose of carrying on a locker club business.

The judge said he would not permit the law to be trailed about in the way contemplated, as it might result in a flood of liquor. He puts the question of legality of the locker clubs up to the supreme court, and hopes for an early settlement of it. If a club with a membership fee of $1 can be legally incorporated, then one with a membership fee of 10 cents can also be. This action is expected to be the death of Savannah locker clubs.

BUREAU OF TOURS.

Automobile Club to Establish a Subscribing Membership.

New York, Feb. 24.—The automobile club of America has decided to establish a subscribing membership to its bureau of tours for the purpose of increasing the interest in automobile touring and to assist motorists outside of New York in touring.

The plan is to admit to this class of membership any motor car owner who on payment of a fee of $10 will receive the touring and route cards, the annual road book and other material furnished free to regular members of the club. Such members will also be able to purchase the road maps which are made for club members.

The bureau will furnish subscribing members with all information desired regarding tours both in America and abroad.

Lost Same Purse Twice.

Albany, Ga., Feb. 24.—Adelaide Thurston, the actress, who left her purse, said to contain $4,700, in a Pullman car at Columbus several days ago, subsequently recovering it, lost the same purse, containing the same money at this place Friday morning. She reported her loss as she was boarding a Coast Line train, and the wildest excitement in her company followed. The purse was afterwards found in Miss Thurston's room at the hotel where she had stopped and after a number of other places had been rainly searched.

SAMPSON CITY HAD A TRAGEDY

J. L. Wynn Shot and Instantly Killed By His Son-In-Law.

THE ROW WAS OVER TOBACCO

Wynn Called His Son-in-Law Down for Smoking, and When the Latter Blew Smoke in His Face He Was Greatly Angered—Killing Followed.

Visitors to Gainesville Monday brought information of a most frightful tragedy at Sampson City at a late hour Saturday night, in which J. L. Wynn, a well-known citizen of that section of Bradford county, was shot and instantly killed by his son-in-law, Mann Robinson.

The particulars as far as could be ascertained were that the men, with a party, were drinking. They were congregated in a vacant hut near town, when a dispute arose over the question of using tobacco. It appears that Wynn, who is a non-indulgent of the weed, was reprimanding Robinson for smoking, when Robinson mischievously "whiffed" some smoke into Wynn's face, which angered him greatly.

It was stated that Wynn kicked Robinson in the abdomen and shoved him from the door, when Robinson, much provoked, proceeded home.

It appeared that Wynn must have followed Robinson to his home, for that is where the tragedy occurred.

Those who are supposed to be in a position to know state that Robinson went to his home, shortly followed by Wynn. When Wynn reached the gate, which is only a few feet from the house, Robinson, pistol in hand, warned him of the danger of approaching further into his household, but Wynn took no heed and went in, closing on Robinson and striking him a stinging blow. With this Robinson fired, the shot taking immediate effect, and Wynn fell dead at his feet.

It is stated that Robinson surrendered, a coroner's jury was impanelled, the facts in the case learned, and Robinson was released, being exonerated from all blame.

Both men are white, and are well known throughout that section, having resided there practically all their lives.

COMPLIMENT TO MR. TAYLOR.

Elected First Vice-President of Florida Bankers' Association.

H. E. Taylor, the clever and obliging cashier of the First National Bank, has returned from St. Petersburg, where he has been to attend the annual meeting of the Florida State Bankers' Association.

Mr. Taylor is one of the most widely-known bankers in the State, and has always been regarded as one of the safest and most conservative. His colleagues demonstrated their high esteem at this meeting by electing him from the floor to the position of first vice-president of the association, which was indeed an honor of which he, his bank and his friends have a right to feel proud.

Mr. Taylor states that the meeting was well attended, and that a good deal of good will no doubt accrue from the convention, which represented every phase of National and State banking.

Chas. Easterlin Married.

According to The Dunnellon Advocate, Charles Easterlin of this city and Miss Lucille Turnipseed, an operator in the Dunnellon telephone exchange, were married in Dunnellon Sunday.

Mr. Easterlin is well known in this city, having been practically reared here. He is a son of Mrs. M. A. Easterlin.

Mr. Easterlin's friends extend congratulations.

Lecture Tonight.

Rev. John F. Moreland, Ph. D., of Charlotte, N. C., manager of the publication house of the A. M. E. Zion Church, will lecture at the Harris chapel, A. M. E. Zion church, tonight. Everybody is cordially invited.

Rev. Moreland is an orator indeed. Come out and hear this distinguished churchman.

LYDIA E.
PINKHAM'S
VEGETABLE COMPOUND

LYDIA E. PINKHAM

No other medicine for Woman's ills in the world has received such wide-spread and unqualified endorsement as has Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

No other medicine has such a record of success for woman's diseases, or such hosts of grateful friends as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been the standard remedy for feminine ills, Inflammation, Ulceration, and consequent Spinal Weakness.

It has relieved more cases of Backache and Local Weaknesses than any other one remedy. It dissolves and expels tumors in an early stage of development.

Irregularities and periodic pains, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility, quickly yield to it; also deranged organs, causing pain, dragging sensations and backache. Under all circumstances it acts in harmony with the female system.

It removes that wearing feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, dizziness, faintness, sleeplessness, flatulency, melancholy or the "blues." These are indications of Feminine disorders, which this medicine overcomes as well as slight derangement of the Kidneys of either sex.

Women who are sick and want to get well should refuse to accept any substitute for Lydia E. Pinkham's Vegetable Compound.

STATE UNIVERSITY NOTES.

The "Talk" to be given this week at the chapel will be by Prof. Scott of the Experiment Station. These "talks" are open to the public, who are cordially invited to attend.

Dr. Sledd has just returned from a trop to Dade City and Brooksville. At both of these places he delivered an address under the auspices of the University Extension Bureau.

The "Flag-Stealing Contest" was such a success, and at the same time afforded such a good opportunity for instruction in the "school of the soldier," that it has been decided to hold a similar contest next Saturday night. Instead of flags, nowever, this time lighted lanterns will be the object of the military raids. The rules governing the contest will be approximately the same that were in force on the first occasion.

The "Florida Pennant" appeared again this week. For copies apply to C. M. Fisher.

Fire in City Hall.

Cleveland, O., Feb. 24.—Fire, of an unknown origin, broke out in the council chamber in the city hall on Saturday morning and the building narrowly escaped total destruction. The council chamber was practically destroyed, while nearly the entire building was water soaked. Many valuable public records were badly damaged.

WARSHIPS INVITED.

Australia Wants Fleet to Visit that Country.

Washington, Feb. 24.—Interesting and important news relative to the future movements of the American battleship fleet was made public at the conclusion of the cabinet meeting on Friday by Secretary Metcalf, comprising an invitation from the Australian government to have the fleet or at least some of its units visit that country.

After expressing his appreciation of the invitation, the secretary said:

"The eventful movements of our fleet have not yet been determined. While it is probable that the vessels will return by way of Suez, I would be glad if some of them could be sent by the Australian route, but it would be premature to promise this."

The invitation was first mentioned in a letter to Hon. Alfred Deakin, prime minister of Australia, addressed to John F. Bray, American consul general at Melbourne, dated December 26, last.

BLACK HAND AFTER MINISTER.

Receiving Warning Note in the Contribution Box.

New York, Feb. 24.—Fire was discovered Friday night in the Orient Congregational church at Green Port, L. I., the pastor of which, Rev. Dr. John Alexander Gray, last Sunday, received in the collection box at the church service a warning that the "black hand" was still after him.

The damage to the church will amount to only about $500, as Dr. Gray discovered the fire before it had secured much headway. A year ago, after receiving similar warnings, Dr. Gray's house was robbed and later an attempt was made to burn it. Dr. Gray's annoyances began soon after he took an active part in suppressing the sale of liquor in the village.

SYMPTOMS OF CATARRH

Given by Doctor Who Has Treated Thousands of Cases.

A physician who has made a life work of treating catarrhal troubles gives the following list of symptoms which indicate when catarrhal germs are present in the mucous membrane of the nose, throat, bronchial tubes, or tissues of the lungs:

Offensive breath.	Pain in chest.
Frequent sneezing.	Stitch in side.
Dryness of the nose.	Losing in flesh.
Pain across the eyes.	Loss of strength.
Discharge from nose.	Variable appetite.
Stoppage of the nose.	Spasms of coughing.

Forum Excavations.

Rome, Feb. 24.—William Dean Howells, the American author, was present Saturday on invitation of Signor Ban, director of the excavation work at the Forum, at the opening up of a new section of the ruins, which brought to light many relics of the greatest interest. Mr. Howells recalled the fact that he visited the Forum in 1864, when it was nothing more than a field for the browsing of cattle.

S.S.S. CURES BLOOD POISON
A SAFE HOME TREATMENT

In S. S. S. nature has provided a certain, safe, home cure for Contagious Blood Poison. It is a medicine made entirely of roots and herbs of recognized blood-purifying value, and is the one medicine which is able to get down to the root of the trouble and remove every particle of the virus, and at the same time benefit and build up the system and general health. No harmful effects ever follow its use, as is so often the case when strong mineral medicines are used. As soon as the system gets under the influence of S. S. S the disease begins to improve, and when the remedy has thoroughly purified the blood and driven out every trace of the poison, no signs of the trouble are ever seen again. The general manifestations of Contagious Blood Poison such as falling hair, copper-colored spots, ulcerated mouth and throat, sores and ulcers, etc., are merely symptoms of the poisoned condition of the blood, and in most cases respond quickly to local treatment, while S. S. S. is doing the necessary work of cleansing the blood. Our "Home Treatment" book is of great assistance along this line. It is a complete guide for treating the trouble, containing instructions for the different stages of the disease, and also valuable suggestions about the local treatment, that will be most helpful in effecting a cure. We will be glad to send a copy of this book, free of charge, to any who desire it, and if special medical advice is wanted our physicians will take pleasure in supplying it without cost to the patient. If you are suffering with Contagious Blood Poison you can cure yourself in the privacy of your own home by the use of S. S. S., an absolutely safe remedy.

AT TABERNACLE TONIGHT.

Gainesville Musical and Dramatic Club Will Entertain Public.

Below we print the program for tonight at the Tabernacle. We are also requested to announce that, during the performance of any number, no one will be ushered to a seat. One of the drawbacks to any performance is the late comer who must crowd past the punctual in order to get to his or her seat; it is annoying—doubly so when the thread of the action on the stage suffers an interruption to the punctual listener.

This plan obtains at all the large metropolitan playhouses and the Gainesville Musical and Dramatic Club is to be commended in adopting it. First number at 8 o'clock sharp.

Program.

1. Finale, Act. II "The Schemers" ..... Cadwallader.
   Piano—Mrs. B. F. Hampton. 1st violin—Miss Christine Richards. 2nd violin—Miss Minna Hampton.

REGISTRATION IS HEAVY.

Registration Officer Dell is Kept Busy With His Little Book.

Judging from the manner in which voters are keeping the "trail" hot towards the office of Registration Officer J. M. Dell, there is going to be polled at the coming municipal election one of the heaviest votes ever known in the city. The various candidates for office are manifesting a great deal of interest in seeing that their respective, as well as prospective, friends are being properly qualified, with the result that the scene around Captain Dell's desk in the land office is one of activity nearly every hour during the day.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

CHAS. FISH HEARD FROM.

Man Who Left Gainesville Mysteriously at His Old Illinois Home.

W. L. Goore has received information which will prove of interest to the people of this city, inasmuch as it conveys the whereabouts of Chas. Fish, the old gentleman who so suddenly and mysteriously disappeared from Gainesville a few months ago, and from whom no one was able to hear.

This information came in the nature of a letter from Mr. Fish, who is again at his old home, Butler, Ill.

A few days before leaving Gainesville Mr. Fish had the misfortune to swallow a quantity of ammonia, which he mistook for some medicine, from which he suffered great agony for a time. This accident apparently unnerved him, and those familiar with him noticed his apparent indifference from that time until the time he disappeared. His Gainesville friends will learn with relief that he is back in his old home, among his own people.

Tropical Orchid in Bloom.

About a year ago several tropical orchids were received from a correspondent in Trinidad. One of these produced a bloom last year. This year another specimen is producing a profusion of bloom. The species is Oncidium lanceolatum. During the sunny part of the day the perfume from this gorgeous orchid is most exquisite. The greenhouse on the horticultural grounds at the experiment Station will be open from 9 o'clock in the morning until 5 o'clock in the afternoon, and all persons who would like to see a most beautiful tropical orchid, and get a breath of the delicate perfume, are invited to visit the greenhouse.

Mr. Sprouell to Wed.

C. W. Sprouell, one of the popular employes of The S. J. Thomas Company, left Sunday for Anniston, Ala., where on Wednesday he will be married to Miss Edith McMillan, a charming young lady of the Alabama city.

Mr. Sprouell has many friends in this city who will extend congratulations in advance, and who will welcome himself and bride upon their return as residents of Gainesville.

Mr. and Mrs. Sprouell will take a brief wedding trip before returning to Gainesville.

REAL ESTATE DEALS.

Two Nice Sales of Desirable Property Within Past Few Days.

Notwithstanding that some people are crying hard times, there seems to be little or no decrease in real estate activity, for seldom a week passes but that several deals are recorded.

Two of the most important transactions which closed the past week were country and suburban property. J. M. Cox of Alachua purchased a desirable ten-acre tract in North Gainesville, containing a comfortable home. It is understood that Mr. Cox and family will occupy the premises, and the former will engage in truck farming.

F. P. Henderson, the extensive nurseryman and peach grower of Arno, who recently purchased a home near the University, has acquired possession of a forty-acre tract of fertile land a short distance beyond Hogtown creek, on the Paradise road, which he proposes to set out in peaches. Several of the best and most hardy varieties will be set, and Mr. Henderson expects to have a fine orchard, as he says the land is particularly adapted to peach culture.

Time Is Money

Time and tide wait for no man and the accurate marking of its flight oftentimes means much money, either lost or gained, by the man who has a Watch he can always depend upon. The watches we carry are the makes of men who have been in the business of making watches all their life and their fathers were in the same business before them. In a word, these watches represent the acme of perfection and are built to keep accurate time all the time. They cost a little more than a Waterbury or Ingersoll, but in actual value they are cheaper. In all kinds of cases from $10 up.

THE NEW AMBASSADOR.

Baron Kogoro Takahira has returned to this country as ambassador from Japan. He succeeds Mr. Aoki who, while an estimable gentleman, did not altogether fit the position in Washington. The new ambassador reached Washington just as the battleship squadron was on the last stretch of its journey to the Pacific Coast, and the first thing that he did on landing was to explain to the assembled newspaper men that he regarded the cruise as purely an American affair and one on which Japan had no need and no right to comment. The whole tone of his interview was most friendly and cordial. He pointed out the reasons for this country and Japan continuing on a friendly basis and the reasons against their being anything but friendly. Mr. Takahira has served in this country before. He knows American ways and the position of the newspapers as disseminators if not moulders of public opinion. His statement was prepared in writing, so that there could be no mistake about it, and truly, as a friendly statement, it left nothing to be desired. No secret is made now of the fact that the relations between Japan and the United States have been severely strained by the jingo element in both countries. The governments of the two countries have always desired to be friendly. It is said now that the points of difference are nearing an adjustment. Ambassador Takahira has been sent to aid in the agreement, and it is the duty of all good American citizens to help him and to help their own government in every possible way. There is perhaps an irreconcilable difference between the white and the yellow race. This in the course of time is likely to break out into open conflict. But the time of collision is not necessarily in sight by many years, and while the Japanese may have their opinion of us, and we have our opinion of them, the easiest way to adjust differences is to take the new ambassador's statement of friendship at its face value, and let the future take care of itself. Meanwhile of course proper naval provisions are not out of order.

Congressman Frank Clark will probably have another "walk-over" in the May primary, Judge Farris of Jacksonville, who had announced his intention to make the race against him, having concluded, it is said, that it is useless to do so at this time. The Judge's "second sight" is certainly much clearer than his first, and he will save himself much time and expense by keeping out of the race. The "pee-wees" will never be able to dislodge Congressman Frank Clark in the year 1908. The man does not live in the second district, no matter how much campaign "dough" he may command, who can defeat him at this time.

The way some people have of bringing their free notices to The Sun office and taking their job work elsewhere is most "encouraging" to the manager to grant favors of similar nature in the future.

The money stringency cuts no ice—at least very little. The fine ice fields on the Hudson have been neglected by the companies because of the hard times.

NEGROES AS JURORS.

The Times-Union of February 22nd contains an item of unusual importance to the people of Florida, especially the legal fraternity and those clothed with authority in the matter of selecting jurors, which is as follows:

"The Supreme Court of Florida has reversed the judgment of the lower court in the criminal court against J. W. Montgomery, a negro charged with embezzlement of money held by him as treasurer of a lodge of colored Knights of Pythias, and has remanded the case for further proceedings according to law.

"This is the case in which an appeal was taken on the ground that the defendant was not given a fair and impartial trial as guaranteed by the constitution, the contention being that there were no negroes on the panel drawn from the jury box and the special panel selected by the sheriff and from which a jury was secured to try the case.

"I. L. Purcell, the negro attorney, carried the case before the supreme court, and yesterday received a certified copy of the decision of the court, containing a statement of the case and the opinion of Justice Whitfield, which is concurred in by Chief Justice Shackleford and Justices Cockrell, Taylor, Hocker and Parkhill.

"After reviewing the case and the contentions made, the opinion concludes as follows:

"'While the presumption is that the officers have legally discharged their duty in selecting and summoning the jurors under statutes that do not authorize any legal discrimination, yet this is but a presumption that may be overcome by evidence to the contrary. There is uncontroverted testimony that the people of one race and color are largely in the majority of the population in the county where the court was held; that about two-thirds of the men of that race are fully qualified for jury duty; that a list of several hundred names of men selected for jury duty for the year does not contain the names of a half-dozen, if any, men of that race; that men of that race have served on the jury in the past, but that it has been a long time since men of that race have served on the jury in the court; and that the people of that race are engaged in pursuits that should improve their intellectual and moral condition. As there has been no charge in the law that would exclude men of any race from jury duty, this evidence tended to show a discrimination on account of race or color; and such uncontroverted evidence is at least sufficient to require some proof that, notwithstanding the facts in evidence, there was no discrimination on account of race or color against any person of any race in the selecting and summoning of the jurors.' (Then follows several authorities.)

"'As there was uncontroverted evidence tending to show discrimination against persons on account of race or color in the selection of jurors whose names were on the panels, sufficient to overcome the presumption in favor of the legality of the acts of the officers, the challenges interposed should have been sustained. (Then more authorities are quoted.) The judgment is reversed and the cause is remanded for further proceedings according to law.'"

Albert Williamson has the following in the last issue of his Jacksonville Floridian: "A Circuit Judge has decided that apple cider may be sold in Georgia 'with impunity.' Well, that may be all right, but if they start to selling it with Jamaica ginger instead of 'impunity,' then we may expect a revival of that dear old breakdown, 'Hell's Broke Loose in Georgia.'"

Beware of Ointments for Catarrh that Contain Mercury,

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and it is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price, 75c. per bottle.

If some of the editors of Florida newspapers were possessed of the same kindly disposition as W. R. Hare of The Arcadia News the brethren would come nearer dwelling together in peace. The issue of his paper of February 21st contains an editorial under the caption of "Gentlemen, Spare the Aged," which should be carefully read by every editor in the State. It breathes the right spirit, and so far as The Sun is concerned we are glad to say that we have endeavored, as a journalist, to live up to the precepts thereof. We agree with Brother Hare that all three of the candidates for Governor are honorable men, either of whom would make the State a good chief executive, and we think none the less of those editors who are not supporting The Sun's choice—John N. C. Stockton. They have as much right to a choice as we have, and we believe they were as honest in arriving at the conclusion as to whom they would support as we were.

The Lake City Index nominates Hon. Frank Adams for National Committeeman, and wants to know what other editors think of the nomination. So far as The Sun is concerned, Frank Adams will get the editor,s vote for anything he runs for.

The Department of Agriculture has just issued a pamphlet on "Cures for Snake Bites," which will be read with absorbing interest in Georgia and other prohibition States.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Last week two negroes holding good jobs at the mill received letters of warning, threatening dire vengeance if they did not vacate and leave their positions open for white men. The letters were dated at Summerfield, but posted in Inverness. The negroes have been in the employ of the mill company for a number of years, giving perfect satisfaction, and they will leave nothing undone to ferret out the author of the letters and place the matter before the courts. We are inclined to think the threats made were never intended to be carried out, and that the recipients of the letters are not in danger of bodily harm as long as they behave themselves.—Citrus County Chronicle.

DOCTOR ADVISED USE OF CUTICURA

After Other Treatment Failed—Eczema in Raw Spot on Baby Boy's Face Lasted for Months—Cried with Pain when Washed.

ECZEMA WAS CURED AND HAS NEVER REAPPEARED

"Our baby boy broke out with eczema on his face when one month old. One place on the side of his face the size of a nickel was raw like beefsteak for three months, and he would cry out when I bathed the parts that were sore and broken out. I gave him three months' treatment from a good doctor, but at the end of that time the child was no better. Then my doctor recommended Cuticura. After using a cake of Cuticura Soap, a third of a box of Cuticura Ointment, and half a bottle of Cuticura Resolvent he was well and his face was as smooth as any baby's. He is now two years and a half old and no eczema has reappeared. I am still using the Cuticura Soap; I think it is the finest toilet soap I ever used. I keep my little girl's hair and face cleansed with it too. I am so thankful for what Cuticura has done for us. Mrs. M. L. Harris, R. F. D. 1, Alton, Kan., May 14 and June 12, '07."

SANATIVE

Antiseptic Cleansing Is Best Accomplished by Cuticura.

Women, especially mothers, find Cuticura Soap, Ointment, and Pills the purest, sweetest, and most effective remedies for preserving, purifying, and beautifying the skin, scalp, hair, and hands, for the treatment of inflammatory and ulcerative conditions, as well as for restoring to health, strength, and beauty pale, weak, nervous, prematurely faded, run-down women. Guaranteed absolutely pure under the United States Food and Drugs Act.

AFTER GRIPPE

Convalescents Need Strength.

The grippe is one of the most weakening diseases known.

Mrs. G. I. Partridge of Franklin, Mass., says: "A severe attack of the grippe left me in a very weakened condition, no appetite, thin, nervous, and no vitality. A friend brought me a bottle of Vinol. It gave me a hearty appetite, and my health and strength returned until I felt like a new creature. I consider Vinol a wonderful medicine—it makes strength and vitality so fast."

We want to say to the people of Gainesville that after grippe or any severe weakness, convalescents need strength, and we have never sold in our store a more satisfactory strength-creator and health restorer than our delicious cod liver preparation, Vinol.

This is because Vinol is made by a scientific, extractive and concentrating process from fresh cods' livers, combining with peptonate-of-iron all the medicinal, healing, body-building elements of cod liver oil, but no oil.

We ask the convalescent, the weak, aged and run-down people of Gainesville to try Vinol on our offer to return money if it fails to give satisfaction.—W. M. Johnson, Druggist, Gainesville, Florida.

COMMANDANT BLITCH

Asks All Members to be Present On March 20th.

To the Members of the Stonewall Camp of Confederate Veterans:

Dear Comrades: On the 20th of March you will be called together for a purely business meeting, as we have important business to attend to on that day.

I implore you to attend the meeting. The committee on by-laws is ready to report; also other committees, such as the committees on pensions and finance will make reports. The new by-laws will be adopted, so don't stay away, but come and help shape our by-laws.

I trust that no rude blast will blight or dispel our most comforting realisations. We should be a family of co-workers in a cause so great and sacred that no unharmonizing or discordant note should enter into our deliberations. Let us get together for the accomplishment of the great object to which we have pledged ourselves. Your commandant needs your co-operation and loyal support, and with this the year will yield a rich harvest of patriotic fructification. Remember that on the unit depends the success of the whole body, a fact emphasized and felt by Gen. Lee when he declared that victory depended upon the men behind the guns. We that were behind the guns, who are yet living, should perpetuate the memory of those brave men whose spirits rise like white clouds in the sky and tell us that they died for a just cause. The cause for which they fought is not a lost cause; I repudiate and condemn the phrase. They were were not fighting for the perpetuation of the principles upon which the Union was formed, but the right of local self-government. The sovereignty of the States is the seed of the Union, and is steadily growing in strength and vigor. Their struggle was for constitutional government, the cornerstone of National Union. Many who condemned the South and denounced us as rebels and traitors have raised the veil of prejudice and now accord to us the highest tribute of patriotic courage and manly devotion to the great principles upon which this government was founded. Looking back after the lapse of nearly half a century, the terrible losses sustained on all of the red fields, from Big Bethel to Appomattox, throw a halo around a just cause which grows brighter as the years roll on, and which should nerve the heart and inflame the speech for the sovereign principles of home rule. Now, comrades, for the honor you so freely conferred upon me my warmest appreciation is given, and to the administration of your affairs my best services will always be accorded with an eye single to your interest, and with a keen sense of the responsibility that goes with the position your forbearance is asked for all mistakes, remembering that to err is human. W. M. BLITCH,

Com. of Stonewall Camp, U. C. V.

Santa Fe, Fla., Feb. 24, 1908.

THE MAN AND HIS JOB

Be a bigger man than your job! Then you can make the job as big as you are and command an increased salary for your work. Water cannot rise higher than its level, and if your job is too much for you, you are going to be swamped.

An official of the United States Steel Company in Pittsburg, who has directly under his supervision hundreds of young clerical men, was asked the other day whether he had all his positions filled.

"Filled! Not by a long shot! There are simply a bunch of fellows rattling around in them."

Don't rattle around in your place like a skeleton in a suit of armor. Your employer is not hiring a bundle of bones. He is paying his money for a real man and it is up to the live one to be bigger than the job—to be master of the situation at all times.

A Y. M. C. A. secretary once told me that he wanted to make his job so big that his successor would have a hard time filling it.

He strived always to develop new features, and work out original ideas in such an effective way that the job would be too big for anybody else. Evidently this man was not only equal to but greater than the problems which confronted him. He was far stronger than the man who originally held the position. He not only filled the place, but more than filled it.

After doing all that was required of him he found a volume of surplus energy which he ingeniously directed into new fields of endeavor. He conquered new worlds; but never had occasion to weep because there were no more left; for when all the worlds were conquered, he created new ones.

That kind of a man is bigger than his job and only such a one is indispensable to his employer.

Sunday's Fire.

An alarm of fire was turned in at 2:20 Sunday afternoon from Box 54, which summoned the department with the usual promptness. The fire amounted to nothing, however, being only a slight damage to a small building in the northwestern section of the city occupied by colored people. The flames were extinguished before the department arrived.

The Story of Rexall

REX means "king," and the combination, makes Rexall "king of all."

We have proven time and time again that Rexall Remedies are kings above all others.

For more than two years an expert traveled all over the world in search of extraordinary remedies. Whenever he heard of a wonderful cure of any kind he did not rest until he personally could see the results of the prescription used. When he found the remedy perfect he purchased the prescription, but it was never issued as a Rexall remedy until the prescription had been thoroughly analyzed by the chemists and physicians of the United Drug Company.

$1,000,000 Hospital To Be Erected for the Treatment of Consumption.

Albuquerque, N. M., Feb. 23.—At a meeting of a general committee selected some time ago for the purpose, held here, Albuquerque was selected as the site for a great hospital for the treatment of consumption to be built by the general organization of the Presbyterian church of the United States at a cost of $1,000,000. This is the third of these sanitariums to be built in this country.

Albuquerque gives a site and a considerable sum of money toward the institution.

THE NEW AMBASSADOR.

Baron Kogoro Takahira has returned to this country as ambassador from Japan. He succeeds Mr. Aoki who, while an estimable gentleman, did not altogether fit the position in Washington. The new ambassador reached Washington just as the battleship squadron was on the last stretch of its journey to the Pacific Coast, and the first thing that he did on landing was to explain to the assembled newspaper men that he regarded the cruise as purely an American affair and one on which Japan had no need and no right to comment. The whole tone of his interview was most friendly and cordial. He pointed out the reasons for this country and Japan continuing on a friendly basis and the reasons against their being anything but friendly. Mr. Takahira has served in this country before. He knows American ways and the position of the newspapers as disseminators if not moulders of public opinion. His statement was prepared in writing, so that there could be no mistake about it, and truly, as a friendly statement, it left nothing to be desired. No secret is made now of the fact that the relations between Japan and the United States have been severely strained by the jingo element in both countries. The governments of the two countries have always desired to be friendly. It is said now that the points of difference are nearing an adjustment. Ambassador Takahira has been sent to aid in the agreement, and it is the duty of all good American citizens to help him and to help their own government in every possible way. There is perhaps an irreconcilable difference between the white and the yellow race. This in the course of time is likely to break out into open conflict. But the time of collision is not necessarily in sight by many years, and while the Japanese may have their opinion of us, and we have our opinion of them, the easiest way to adjust differences is to take the new ambassador's statement of friendship at its face value, and let the future take care of itself. Meanwhile of course proper naval provisions are not out of order.

Congressman Frank Clark will probably have another "walk-over" in the May primary, Judge Farris of Jacksonville, who had announced his intention to make the race against him, having concluded, it is said, that it is useless to do so at this time. The Judge's "second sight" is certainly much clearer than his first, and he will save himself much time and expense by keeping out of the race. The "pee-wees" will never be able to dislodge Congressman Frank Clark in the year 1908. The man does not live in the second district, no matter how much campaign "dough" he may command, who can defeat him at this time.

The way some people have of bringing their free notices to The Sun office and taking their job work elsewhere is most "encouraging" to the manager to grant favors of similar nature in the future.

The money stringency cuts no ice—at least very little. The fine ice fields on the Hudson have been neglected by the companies because of the hard times.

NEGROES AS JURORS.

The Times-Union of February 22nd contains an item of unusual importance to the people of Florida, especially the legal fraternity and those clothed with authority in the matter of selecting jurors, which is as follows:

"The Supreme Court of Florida has reversed the judgment of the lower court in the criminal court against J. W. Montgomery, a negro charged with embezzlement of money held by him as treasurer of a lodge of colored Knights of Pythias, and has remanded the case for further proceedings according to law.

"This is the case in which an appeal was taken on the ground that the defendant was not given a fair and impartial trial as guaranteed by the constitution, the contention being that there were no negroes on the panel drawn from the jury box and the special panel selected by the sheriff and from which a jury was secured to try the case.

"I. L. Purcell, the negro attorney, carried the case before the supreme court, and yesterday received a certified copy of the decision of the court, containing a statement of the case and the opinion of Justice Whitfield, which is concurred in by Chief Justice Shackleford and Justices Cockrell, Taylor, Hocker and Parkhill.

"After reviewing the case and the contentions made, the opinion concludes as follows:

"'While the presumption is that the officers have legally discharged their duty in selecting and summoning the jurors under statutes that do not authorize any legal discrimination, yet this is but a presumption that may be overcome by evidence to the contrary. There is uncontroverted testimony that the people of one race and color are largely in the majority of the population in the county where the court was held; that about two-thirds of the men of that race are fully qualified for jury duty; that a list of several hundred names of men selected for jury duty for the year does not contain the names of a half-dozen, if any, men of that race; that men of that race have served on the jury in the past, but that it has been a long time since men of that race have served on the jury in the court; and that the people of that race are engaged in pursuits that should improve their intellectual and moral condition. As there has been no charge in the law that would exclude men of any race from jury duty, this evidence tended to show a discrimination on account of race or color; and such uncontroverted evidence is at least sufficient to require some proof that, notwithstanding the facts in evidence, there was no discrimination on account of race or color against any person of any race in the selecting and summoning of the jurors.' (Then follows several authorities.)

"'As there was uncontroverted evidence tending to show discrimination against persons on account of race or color in the selection of jurors whose names were on the panels, sufficient to overcome the presumption in favor of the legality of the acts of the officers, the challenges interposed should have been sustained. (Then more authorities are quoted.) The judgment is reversed and the cause is remanded for further proceedings according to law.'"

Albert Williamson has the following in the last issue of his Jacksonville Floridian: "A Circuit Judge has decided that apple cider may be sold in Georgia 'with impunity.' Well, that may be all right, but if they start to selling it with Jamaica ginger instead of 'impunity,' then we may expect a revival of that dear old breakdown, 'Hell's Broke Loose in Georgia.'"

Beware of Ointments for Catarrh that Contain Mercury,

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and it is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

If most of the editors of Florida newspapers were possessed of the same kindly disposition as W. B. Hare of The Arcadia News the brethren would come nearer dwelling together in peace. The issue of his paper of February 21st contains an editorial under the caption of "Gentlemen, Spare the Aged," which should be carefully read by every editor in the State. It breathes the right spirit, and so far as The Sun is concerned we are glad to say that we have endeavored, as a journalist, to live up to the precepts thereof. We agree with Brother Hare that all three of the candidates for Governor are honorable men, either of whom would make the State a good chief executive, and we think none the less of those editors who are not supporting The Sun's choice—John N. C. Stockton. They have as much right to a choice as we have, and we believe they were as honest in arriving at the conclusion as to whom they would support as we were.

The Lake City Index nominates Hon. Frank Adams for National Committeeman, and wants to know what other editors think of the nomination. So far as The Sun is concerned, Frank Adams will get the editor,s vote for anything he runs for.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy, Swamp-Root. Its mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Last week two negroes holding good jobs at the mill received letters of warning, threatening dire vengeance if they did not vacate and leave their positions open for white men. The letters were dated at Summerfield, but posted in Inverness. The negroes have been in the employ of the mill company for a number of years, giving perfect satisfaction, and they will leave nothing undone to ferret out the author of the letters and place the matter before the courts. We are inclined to think the threats made were never intended to be carried out, and that the recipients of the letters are not in danger of bodily harm as long as they behave themselves.—Citrus County Chronicle.

DOCTOR ADVISED USE OF CUTICURA

After Other Treatment Failed—Eczema in Raw Spot on Baby Boy's Face Lasted for Months—Cried with Pain when Washed.

ECZEMA WAS CURED AND HAS NEVER REAPPEARED

"Our baby boy broke out with eczema on his face when one month old. One place on the side of his face the size of a nickel was raw like beefsteak for three months, and he would cry out when I bathed the parts that were sore and broken out. I gave him three months' treatment from a good doctor, but at the end of that time the child was no better. Then my doctor recommended Cuticura. After using a cake of Cuticura Soap, a third of a box of Cuticura Ointment, and half a bottle of Cuticura Resolvent he was well and his face was as smooth as any baby's. He is now two years and a half old and no eczema has reappeared. I am still using the Cuticura Soap; I think it is the finest toilet soap I ever used. I keep my little girl's hair and face cleansed with it, too. I am so thankful for what Cuticura has done for us. Mrs. M. L. Harris, R. F. D. 1, Alton, Kan., May 14 and June 12, '07."

SANATIVE

Antiseptic Cleansing Is Best Accomplished by Cuticura.

Women, especially mothers, find Cuticura Soap, Ointment, and Pills the purest, sweetest, and most effective remedies for preserving, purifying, and beautifying the skin, scalp, hair, and hands, for the treatment of inflammatory and ulcerative conditions, as well as for restoring to health, strength, and beauty pale, weak, nervous, prematurely faded, run-down women. Guaranteed absolutely pure under the United States Food and Drugs Act.

Cuticura Soap and Ointment are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

AFTER GRIPPE

Convalescents Need Strength.

The grippe is one of the most weakening diseases known.

Mrs. G. I. Partridge of Franklin, Mass., says: "A severe attack of the grippe left me in a very weakened condition, no appetite, thin, nervous, and no vitality. A friend brought me a bottle of Vinol. It gave me a hearty appetite, and my health and strength returned until I felt like a new creature. I consider Vinol a wonderful medicine—it makes strength and vitality so fast."

We want to say to the people of Gainesville that after grippe or any severe weakness, convalescents need strength, and we have never sold in our store a more satisfactory strength-creator and health restorer than our delicious cod liver preparation, Vinol.

This is because Vinol is made by a scientific, extractive and concentrating process from fresh cods' livers, combining with peptonate-of-iron all the medicinal, healing, body-building elements of cod liver oil, but no oil.

We ask the convalescent, the weak, aged and run-down people of Gainesville to try Vinol on our offer to return money if it fails to give satisfaction.—W. M. Johnson, Druggist, Gainesville, Florida.

COMMANDANT BLITCH

Asks All Members to be Present On March 20th.

To the Members of the Stonewall Camp of Confederate Veterans:

Dear Comrades: On the 20th of March you will be called together for a purely business meeting, as we have important business to attend to on that day.

I implore you to attend the meeting. The committee on by-laws is ready to report; also other committees, such as the committees on pensions and finance will make reports. The new by-laws will be adopted, so don't stay away, but come and help shape our by-laws.

I trust that no rude blast will blight or dispel our most comforting realisations. We should be a family of co-workers in a cause so great and sacred that no unharmonizing or discordant note should enter into our deliberations. Let us get together for the accomplishment of the great object to which we have pledged ourselves. Your commandant needs your co-operation and loyal support, and with this the year will yield a rich harvest of patriotic fructification. Remember that on the unit depends the success of the whole body, a fact emphasized and felt by Gen. Lee when he declared that victory depended upon the men behind the guns. We that were behind the guns, who are yet living, should perpetuate the memory of those brave men whose spirits rise like white clouds in the sky and tell us that they died for a just cause. The cause for which they fought is not a lost cause; I repudiate and condemn the phrase. They were were not fighting for the perpetuation of the principles upon which the Union was formed, but the right of local self-government. The sovereignty of the States is the seed of the Union, and is steadily growing in strength and vigor. Their struggle was for constitutional government, the cornerstone of National Union. Many who condemned the South and denounced us as rebels and traitors have raised the veil of prejudice and now accord to us the highest tribute of patriotic courage and manly devotion to the great principles upon which this government was founded. Looking back after the lapse of nearly half a century, the terrible losses sustained on all of the red fields, from Big Bethel to Appomattox, throw a halo around a just cause which grows brighter as the years roll on, and which should nerve the heart and inflame the speech for the sovereign principles of home rule. Now, comrades, for the honor you so freely conferred upon me my warmest appreciation is given, and to the administration of your affairs my best services will always be accorded with an eye single to your interest, and with a keen sense of the responsibility that goes with the position your forbearance is asked for all mistakes, remembering that to err is human. W. M. BLITCH,

Com. of Stonewall Camp, U. C. V.

THE MAN AND HIS JOB

Be a bigger man than your job! Then you can make the job as big as you are and command an increased salary for your work. Water cannot rise higher than its level, and if your job is too much for you, you are going to be swamped.

An official of the United States Steel Company in Pittsburg, who has directly under his supervision hundreds of young clerical men, was asked the other day whether he had all his positions filled.

"Filled! Not by a long shot! There are simply a bunch of fellows rattling around in them."

Don't rattle around in your place like a skeleton in a suit of armor. Your employer is not hiring a bundle of bones. He is paying his money for a real man and it is up to the live one to be bigger than the job—to be master of the situation at all times.

A Y. M. C. A. secretary once told me that he wanted to make his job so big that his successor would have a hard time filling it.

He strived always to develop new features, and work out original ideas in such an effective way that the job would be too big for anybody else. Evidently this man was not only equal to but greater than the problems which confronted him. He was far stronger than the man who originally held the position. He not only filled the place, but more than filled it.

After doing all that was required of him he found a volume of surplus energy which he ingeniously directed into new fields of endeavor. He conquered new worlds; but never had occasion to weep because there were no more left; for when all the worlds were conquered, he created new ones.

That kind of a man is bigger than his job and only such a one is indispensable to his employer.

ALBUQUERQUE SELECTED.

$1,000,000 Hospital To Be Erected for the Treatment of Consumption.

Albuquerque, N. M., Feb. 25.—At a meeting of a general committee selected some time ago for the purpose, held here, Albuquerque was selected as the site for a great hospital for the treatment of consumption to be built by the general organization of the Presbyterian church of the United States at a cost of $1,000,000. This is the third of these sanitariums to be built in this country.

Albuquerque gives a site and a considerable sum of money toward the institution.

NEWS OF CITY AND COUNTY CONDENSED

T. F. Hollcook of Lakeland is in the city on business.

"In Dreamland"—for dreamers—Tuesday evening at the Tabernacle.

"The Greatest Old Rag"—for patriots—Tuesday evening at the Tabernacle.

Something worth while—satisfaction and enjoyment at the Tabernacle, Tuesday evening.

Spaulding Smith of Archer spent Sunday in this city with his parents, Mr. and Mrs. George Smith.

The best talent we have in Gainesville—and it's pretty good at that—will entertain us Tuesday evening at the Tabernacle.

M. P. Haltiwanger of Alachua was in the city yesterday. He called at The Sun office, renewing the subscription of his brother, W. F. Haltiwanger.

Friends of Geo. B. Evans are glad to see him on the street again, after an illness with lagrippe for the past three or four weeks, during which time he suffered considerably.

Mr. and Mrs. F. P. Henderson left yesterday for Komoko and Arno, where they will spend the remainder of the week. At Komoko Mr. Henderson will bud a number of pecan trees for the Griffing Orchard Company.

Hon. Fred Cubberly of Cedar Key, collector of customs for the ports of Cedar Key and Port Inglis, was among the visitors to this city yesterday. Col. Cubberly reports shipping rather quiet at this season of the year.

Special Agent Kirkpatrick of the Westchester Fire Insurance Company, who is making his headquarters in Gainesville for the next few days, left Sunday for Ocala, where he will remain for a short time on official business.

Joseph Minchener of Birmingham, Ala., who has been here for the past few days on a visit to his daughter, Mrs. Chas. A. Faircloth, expects to leave for home today. Mr. Minchener is well pleased with Gainesville, and hopes this will by no means be his last visit.

Captain M. L. Gilmer, the popular bell-cord yanker of the Atlantic Coast Line who is running between Burnett's Lake and High Springs, made a brief business trip to this city yesterday. Captain Gilmer has not been in Gainesville for some time, and his friends here were glad to see him.

Q. Y. Felton of Mayo, LaFayette county, is in the city on business connected with the United States land office. Mr. Felton states that Mayo is growing by "leaps and bounds," and that as a rule the people of his section are prospering. The crops have been good, the manufacturing interests continually on the move, and the wheels of industry generally have kept things lively around Mayo.

W. H. Anderson, Jr., the clever and efficient book-keeper at the Gainesville National Bank, has returned from Bronson, where he spent Sunday with his parents, Hon. and Mrs. W. H. Anderson. He was accompanied upon his return by his father, who came for medical attention. He had the misfortune of dislocating his shoulder some time ago, from the effects of which he has suffered a great deal.

J. E. Wainwright, one of the efficient clerks in the United States land office, has returned from a pleasant visit to Tampa and DeLand. At the latter place, where his daughter, Miss Julia, is attending Stetson University, he attended the reception tendered John B. Stetson, Jr., Friday night. The function was largely attended, and the young guest of honor was given a great and enthusiastic ovation. Mr. Wainwright states that Miss Julia is getting along nicely and is enjoying fine health.

Cures Women's Weaknesses.

We refer to that host of weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; membranitis (flooding) due to a weakened condition of the reproductive system; [illegible] or absent monthly periods, arising from or accompanying an abnormal condition of the digestive organs [illegible] habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present in your case, you may rest assured that Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and "the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to the general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is universally regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and [illegible] dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

DO NOT KNOW WHAT CAUSES SICKNESS

Modern People Have Many Names for Same Diseases, According to New Belief.

Does human health depend on one organ alone? This question is becoming widely discussed since L. T. Cooper first advanced his theory that the stomach is the true seat of life and all health dependent upon it.

Mr. Cooper, who has met with remarkable success in the sale of his new medicine, believes that the stomach is responsible for most sickness, and that this organ is weak in the present generation. While discussing this theory recently, he said; "I am asked time and again to tell why my medicine has made such a record wherever I have introduced it. My answer always is, 'because it restores the stomach to a normal condition.' No one will deny that today there are more half-sick men and women than ever before. Nothing critical seems to be the matter with them. They are just half-sick most of the time. They don't know really what is the matter with them. I have talked with thousands during the past two years, and few knew indeed what their trouble was. One said nervousness, another said kidney trouble, another liver complaint, some constipation, or heart trouble, or lung trouble. Many had treated, as they called it, for most of these diseases at different times. A very common complaint is 'all run down,' or 'tired all the time,' or 'no appetite.'"

"I know positively that every bit of this chronic ill health is caused by stomach trouble, and nothing else. My New Discovery puts the stomach in sound condition in about six weeks. Mighty few people can be sick with a sound digestion. That is why my medicine is selling at such a tremendous rate. I have convinced many thousands of people that these things are so, and the number is growing by leaps and bounds."

Among more recent converts to Mr. Cooper's beliefs is Mr. Edgar L. Hinds, living at 6 Tappan Street, Everett, Mass. Mr. Hinds has this to say on the subject:

"I have suffered with stomach trouble for eight years. I was not sick enough to be in bed, but just felt bad all the time. My greatest trouble was that I always felt tired, would get up in the morning feeling as tired as when I went to bed.

"I had a very irregular appetite, and was troubled with dizzy spells. If I stood for any length of time, I would have a dull pain in the lower part of my back. I was nervous and felt all the time as though something terrible was going to happen. I tried many kinds of medicine, but nothing ever helped me.

"I had about given up all hope of ever being in good health again, when I heard so much of Cooper and decided to try his medicine. I took one bottle of his New Discovery and was greatly surprised at the result. I gained 12 pounds in a few weeks. I can now eat anything I wish, and feel like a new man. I cheerfully recommend this medicine to all sufferers from stomach trouble."

It is worth anyone's time, who is not enjoying good health, to learn of Mr. Cooper's wonderful preparations. We are selling them in large quantities. —J. W. McCollum & Co.

UNNECESSARY CALLED OFF.

Diamond Jubilee of Francis Joseph Is Officially Canceled.

Vienna, Feb. 22.—The arrangements for the pageant in Vienna this spring that was to be a feature of the celebration in honor of the diamond jubilee of Emperor Francis Joseph—he has been sixty years on the throne—was officially cancelled Friday. The reason is that the physicians of his majesty do not believe he is strong enough to participate in the festivities.

They consider that the emperor has not yet fully recovered his normal health and that attendance at outdoor celebrations and the fatigue of entertaining visiting sovereigns might possibly be dangerous.

SHOT WIFE; THEN SUICIDES.

Tragedy at Supper Table of Wealthy Colorado Farmer.

Hotchkiss, Colo., Feb. 24.—Insane with rage because she objected to him scolding one of their children, M. U. Stoneburner, aged forty-one, a prominent and wealthy farmer, living near this city, Friday night shot and fatally wounded his wife and then placed the still smoking revolver against his breast and committed suicide before his six children seated around the supper table.

Even from the Mountains

Ballard's Snow Liniment is praised for the good it does. A sure cure for rheumatism and all pains. Wright W. Loving, Grand Junction, Colo., writes: "I used Ballard's Snow Liniment last winter for rheumatism and can recommend it as the best Liniment on the market. I thought, at the time I was taken down with this trouble, that it would be a week before I could get about, but on applying your Liniment several times during the night, I was about in 48 hours and well in three days." Sold by W. M. Johnson.

Counterfeit Bills in Macon.

Macon, Ga., Feb. 23.—Counterfeit ten dollar bills of the "Buffalo Bill" series have been discovered in Macon. An officer of the secret service arrived in Macon to conduct an investigation. Two of the bills were caught by Teller Coburn, of the Fourth National bank, and two were detected by the Commercial Savings bank. The bills are a pretty good imitation and are likely to be accepted. Several merchants, upon whom the bills were passed, are anxious that the guilty parties be found.

Bloodworth for Congress.

Jackson, Ga., Feb. 24.—O. H. B. Bloodworth, the solicitor general of this circuit, is here attending his duties. He announced that he was seriously considering entering the race this year for congress against the present representative, Hon. C. L. Bartlett, who has announced to succeed himself. Mr. Bloodworth's close friends have given it out as a fact that he will surely be in the race.

Close Clubs at Midnight.

Pittsburg, Pa., Feb. 24.—Without exception, the police have ordered all clubs in Greater Pittsburg closed at midnight in the future. Where club houses are used as hotels guests will be allowed to enter and leave when they choose, but the selling of liquor will not be permitted after that hour. The order is the result of many complaints from parents and wives.

Farmer Killed in Well.

Macon, Ga., Feb. 24.—While working at the bottom of a well on his plantation in Jones county Thursday afternoon late, Dawson Comer, a prosperous farmer of the community, met a strange death, a mud bucket, which he had been using having fallen from the curbing to the surface below where it struck him on the head and dealt a fatal blow.

SENATOR LATTIMER'S FUNERAL.

Delegations from Both Houses of Congress Attended.

Greenville, S. C., Feb. 24.—The funeral of the late Senator Asbury Churchill Latimer, who died in Washington Thursday, was held in the Methodist church at Belton, near here, Friday afternoon at 2 o'clock. Rev. R. L. Holdoyd, pastor of the deceased, officiating. The floral tributes were numerous, among the most conspicuous being the one sent by the immigration commission, and the one sent by the guests of the Congress hotel, Washington.

There were present funeral delegations from congress and both houses of the South Carolina legislature, besides representatives from various commercial organizations in the state.

CASNOW

ATTEMPT TO WRECK TRAIN.

Thought To Have Been Made for Purpose of Robbery.

Sedalia, Mo., Feb. 24.—An attempt to derail an eastbound fast passenger train on the Missouri Pacific railroad, evidently for the purpose of robbery, was made at Otterville, twenty miles east of here at midnight Friday night, a rail having been removed. The bad place in the track was struck by an extra freight train from St. Louis.

The freight was wrecked, the engineer, fireman and brakemen being seriously injured.

The train that the wreckers evidently sought to catch left Kansas City at 9:10 last night for St. Louis. It was known as No. 2, and was supposed to carry considerable money.

The wreckers had removed a rail on what is known as Otterville Hill, a mile and a half east of Otterville, and built a fire between the tracks to bring the passenger train to a standstill. The freight crew failed to notice the fire until close upon it and too late to stop, and the engine and seven cars were derailed and badly demolished.

POLITICAL ANNOUNCEMENTS

FOR MARSHAL.

To the Voters of Gainesville—I take this method of announcing my candidacy for Marshal of the City of Gainesville. I have been on night work as an officer, protecting you and your interests while you were asleep, for about three years, and leave it to you as to whether I have performed my duty well, and with impartiality. I think I have been long enough at night work to be entitled to a day job, and if elected I promise you a faithful, impartial and efficient service. Yours for order, C. L. KITE.

I take this method of announcing my candidacy for re-election as City Marshal at the election April 14th, 1908. I have endeavored to perform my duty without fear or favor, and would appreciate the support of my fellow-citizens, promising the same attention to the duties of the office in the future as in the past. Thanking you for past support, and soliciting your votes at the coming election, I am, Very truly, BEN T. ARNOW.

I hereby announce myself a candidate for City Marshal in the election to be held on the 14th day of April, 1908. I promise if elected to endeavor to do the duties required by the ordinances as near as I possibly can, and I solicit the votes of all law-abiding citizens. Respectfully, CHAS. PINKOSON

PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

You can get a picture from locket to life-size at Smith's Studio.

Mount Vernon Lodge No. 20, Knights of Pythias, meets tonight at 7:30 in their Castle Hall over Dutton's Bank. Work in the rank of Knight. Visiting brothers welcome. W. D. Dickinson, C. C.; D. M. Tomkins, K. of R. & S.
